

# THE BLAIRMORE ENTERPRISE

VOL. XIV, NO. 14

BLAIRMORE, ALBERTA, THURSDAY, APRIL 19, 1923.

\$2.00 YEARLY

## BASEBALL MEETING TONIGHT

A meeting of all those interested in Baseball is called to take place tonight at 8 o'clock, at the office of the Crows' Nest Pass Motors.

It is the purpose of this meeting to organize a club and join a league.

proposed to embody Coleman, Bellevue, Blairmore, Hillcrest, Cowley and Pincher Creek.

It is earnestly desired that a large crowd of enthusiasts attend this meeting tonight as arrangements have also to be made to have a team enter the competition at Blairmore on May 1st.

## SASH AND DOOR FACTORY TO LOCATE ON DEARBORN ST.

Contractor E. J. Pozzi has decided to erect and equip a modern sash and door factory on his lots fronting on Dearborn Street, between Seventh and Eighth Avenues.

The building at present occupying the site is to be raised and moved to the rear and a large fire-proof addition will be erected at the front.

We understand that the plant is to be operated by electricity and will be capable of supplying the whole Crows' Nest Pass district.

## KNOW FATE NEXT WEEK

Word from Ottawa states that the cabinet will, next week, discuss an application for commutation of sentence in the capital cases of Emilio Piccarillo and Florence Lassandro, of Blairmore, whose appeal was dismissed by the supreme court of Canada some days ago.

In reference to the letter of Mr. J. W. McDonald, elsewhere in this issue, it is well to note that absolutely no attempt is made to retract any of the charges made by Mr. McDonald against the government or the department of attorney-general, in connection with the enforcement of the liquor act.

Owing to lackness of business, Messrs. Muma Brothers, who for several months have been operating the new Greenhill Meat market, have resigned. The Canadian Credit Men's Trust Association representative is taking stock.

Our prophecy as to the end of the world is, "when Alberta becomes a bootleggerless province."

## CROWS' NEST PASS AUTOMOBILE ASSOCIATION

At a largely attended meeting of auto owners held at the Greenhill Grill on Monday evening, it was decided to reorganize the Crows' Nest Pass Automobile Association, which has been inactive for several years.

Mr. George Cruickshanks, of Hillcrest, occupied the chair, while Mr. E. C. Costick, of Bellevue, acted as secretary pro tem.

The objects of the meeting, as well as the benefits that might accrue through the organization of auto owners, were fully explained and a resolution that the association be re-organized was unanimously endorsed.

The officers chosen were as follows: Hon. President—P.M. Christophers, M.P.P.

President—Dr. Joseph Olivier, M.D., of Blairmore.

Vice-President—Alex. M. Morrison, of Coleman.

Secretary-Treasurer—E.C. Costick, of Bellevue.

Executive—Harry Burns and L. L. Morgan, Blairmore; Dr. Rose and G. Cruickshanks, Hillcrest; R. Cox and George Kellogg, Coleman; J. J. Lamery and R. T. Johnson, Bellevue.

Considerable discussion, caused as to membership fees, and it was finally decided that the membership fee be \$5.00, auto association shields to be procured by the secretary and sold to anyone desiring same.

Matter of Improvements to the Pass-roads will be taken up with the government. It was shown that this year the provincial government would receive from this district by way of automobile licenses, a sum not less than ten thousand dollars and that the least to be expected was the expenditure of one-half that amount upon our main highway, looking forward to the heaviest traffic in the history of the Crows' Nest Pass, following the opening up of the Banff-Windermere road and the circle tour on or about June 1st.

The per capita ownership of auto in this district is believed to be the greatest in Western Canada, being about one vehicle for every thirteen of our population.

## BLAIRMORE TO HAVE LABOR DEMONSTRATION

Bills are out announcing a big labor demonstration and sports to be held on the Blairmore athletic grounds on Tuesday, May 1st.

The programme of the day will include field sports of every description, special's being football and baseball competitions, in which it is expected teams will compete from practically all mining towns between Lethbridge and Fernie.

The programme will start about 10 a.m., following the arrival of a special train from Fernie and intermediate points.

In the evening addresses will be delivered on labor subjects by J. B. McLaughlin, of Nova Scotia; Alex. Hewitt, of Kansas, and others; and at night a grand dance at the opera house.

Prizes totalling about one thousand dollars will be distributed. The prizes for the five-a-side football competition will be, first—a gold watch to each player; second—pair of football boots to each player. Entries for the football and baseball competitions must be in the hands of the secretary of the sports committee not later than April 27th.

One hundred and forty thousand Canadian boys have been organized by the Canadian Forestry Association in a Young Canadian Forest League and will be on the alert this year to prevent forest fires in all parts of the Dominion. Badges and detailed instructions are being supplied and the entire body will act as an auxiliary force to the fire rangers when occasion offers.

## Looking Forward

The more you think about the future, and about Opportunity and Success, the more enthusiastic you become about being a money saver.

If you have mastered the art of saving, you can forecast with reasonable accuracy how much of a factor you will be in the days of opportunity which are drawing near.

Double your Savings: IF YOU CAN.

## UNION BANK OF CANADA

## LIBEL ACTION WITHDRAWN PINCHER CREEK AND CARDSTON WANT RAILROAD

Following receipt of the following communication, Mr. A. A. McGillivray, K.C., of Calgary, has withdrawn action against Mr. J. W. McDonald, ex-K.C., of Macleod, in which damages placed at \$25,000 was claimed as resulting from a letter to the attorney-general, written by Mr. McDonald, copy of which appeared in one issue of The Blairmore Enterprise:

Macleod, Alta., April 14, 1923  
A. A. McGillivray, Esq., K.C.,  
Barrister and Solicitor,  
Calgary, Alberta.

Dear Mr. McGillivray:

With reference to the action for libel brought by you against me because of your name being mentioned in an open letter written by me to the Honorable J. E. Brownlee, attorney-general, concerning the liquor prosecutions, Rex vs. Matheson, Rex vs. Belecky and Rex vs. Walker, and published by me in the newspaper, The Blairmore Enterprise, and subsequently referred to in other newspapers, I desire to make the following explanation:

This letter was not written or published by me with any intention of suggesting that anything said or done by you was in any way dishonorable or unprofessional, and, as I have already said under oath, in this action, I do not believe that you were guilty of any improper conduct whatsoever.

I did not think that anything I had stated in this open letter would, in anywise throw discredit upon you as a brother solicitor, but, in case I have inadvertently done you an injustice, it is my desire that this explanation be given such publicity as you think necessary to show that no insinuation against you was intended.

I understand you are accepting this

Cardston and the United Irrigation districts, backed up by Pincher Creek and farming communities south of that town, are making a strong bid for a railroad.

Joseph Y. Card, president of the Cardston Board of Trade, and his assistants are going about things in a systematic manner. They are preparing petitions which will be circulated in all of the communities interested in such a line.

These petitions will show the number of people in the country to be served, the number and kinds of livestock and the cereal production. They will be forwarded to the railway heads with supplementary data at the earliest possible moment. They are asking the C. P. R. that an early start be made on the road, which would extend from Cardston through the foothills country and the new irrigation district to Pincher Creek connecting up with the main line at Pincher station.—Cardston Review.

One cent a piece for cans was paid in a clean-up day at Nashville, Tennessee. Upwards of 60,000 cans were gathered up by the kiddies. A few years ago about the same amount of cans were gathered at a similar price in Blairmore and some folks are suggesting a similar move might gather in as many more just now. Of course, the difference between cans that are entirely a nuisance and those of the Ford variety would have to be explained to the kiddies.

explanation and withdrawing the action.

Yours truly,  
J. W. McDonald.

## General Election Will Be Held In Ontario Latter Part Of June

Toronto—Measures providing for redistribution, proportional representation and the single transferable vote, will be put through the Legislature before dissolution, and a general election will be held in Ontario in the latter part of June, Premier E. C. Drury announced in the Legislature. The three bills were introduced by the Premier and given first reading.

Speaking of the events which occurred in the Legislature, the Premier said they came as a great shock to him personally.

"I was unable to make the announcements that I am ready to make," the Premier said. "The situation cleared when a vote of confidence in the Government was passed. I believe the Government has the confidence of the House and the country. I think the electors of this province should be consulted before midsummer. July and August would not be the time, particularly among the rural people. I, therefore, propose that this House continue in session until May 4, which will give us three full weeks. The committees have nearly all finished their business and some contentious bills may have to be withdrawn. After May 4, I will advise the Lieutenant-Governor that the Legislature be dissolved. I am now going to introduce three bills, one on redistribution, one on proportional representation, and one on the single transferable vote.

The Premier thought redistribution necessary. The material was available for a redistribution committee, which could get to work immediately. The proportional representation bill, he said, did not specify where that system was to be put into effect, and the committee would have to decide.

## Sacred Church Symbols Burned By Russians

Young Communists' Campaign Against Easter Symbols Over Country

Moscow.—The bells of Easter Week continued to ring in Moscow's churches while provincial dispatches reported the success of the young communists' campaign against Easter. From many widely scattered points come reports of anti-religious demonstrations. The Odessa railway workers, according to a government agency dispatch, during a mass meeting removed icons from altars and burned them with shouts of, "Down with God's darkness."

Hundreds of persons gathered in the huge yard of the Church of Christ the Saviour in Moscow and listened to the noisy box orators debating the question: "Is there or is there not a God."

It is reported that the trial of the Most Rev. Dr. Tikhon may be postponed.

## Coal For Switzerland

Berlin.—Swiss firms have begun the importation of South African, British and United States coal on account of prolonged stoppages of shipments from the Ruhr. Several steamships have already sailed from South Africa with coal for Swiss firms.

## Violent Scenes Are Witnessed In British House Of Commons

London.—Perhaps never since the days of Parnell's obstruction has such a scene of violent uproar been witnessed in the House of Commons as that which transformed the ordinary placid chamber into an absolute bedlam. The disorder arose primarily out of the defeat sustained by the Government, by a small majority on a mere technical point.

Right Hon. Stanley Baldwin, Chancellor of the Exchequer, introduced a

## U.S. Secures Two Canadian Professors

One From McGill and One From McDonald College

Montreal.—Dr. Gordon Jennings Laing, Dean of Faculty of Arts in McGill University, has accepted the appointment of Dean of the Graduate School of Arts and Literature, editor of the University Press and professor of Latin at the University of Chicago.

Dr. M. A. Jull, in charge in the Department of Poultry at McDonald College, has been appointed chief of the Poultry Division of the United States Department of Agriculture. Dr. Jull was born in Hurford, Ont. He was with the Department of Agriculture in British Columbia, for two years.

## Rhodesia Needs New Constitution

Resolution Urges Imperial Government To Take Action

Salisbury, Rhodesia.—As a protest against further delay in granting a new constitution to Southern Rhodesia in accordance with the verdict of the referendum taken last fall, a representative public meeting organized on non-party lines passed a resolution urging the Imperial Government to issue letters patent in order to enable a new responsible government to be organized in time to prepare financial measures to relieve the present uncertainty and distress before the expiry of another year.

## To Encourage Immigration

Ocean Passages for Immigrants From Europe to Be Reduced

Montreal.—With a view to encouraging immigration from Europe, the Canadian railways have arranged that, effective with the opening of navigation, via the St. Lawrence route, a substantial reduction will be made in immigrant fare on business from Europe to Canadian points. The new fares to Winnipeg and the west will be on an approximate pre-war basis, and effective with sales in Europe, on April 15.

Arrangements have also been made that, effective May 1, settlers from the United States, coming to take up land in Canada, will be accorded a material reduction in their fares.

## Wheat From Vancouver to Scandinavia

Vancouver.—For the first time in the history of the port, arrangements have been made to ship wheat direct from Vancouver to Norway and Sweden, booking of 281,250 bushels for that market being recorded at the Vancouver Merchants' Exchange. In the past, Vancouver grain has found its way indirectly to Scandinavian ports, but this is the first time in which direct arrangements have been made.

Ottawa.—Speaking on the Air Board estimates, Hon. George P. Graham, Minister of Militia, said he understood \$100,000 was to be spent on land and hangars in Winnipeg this year.

## School Lands Sold

Revenue from Quarter Sections in Pre-emption Area \$12,524,864

Ottawa.—A total of 8,524 quarter sections of school lands within the Dominion lands pre-emption area were sold to December 31, 1932, according to information given to the House by Hon. Charles Stewart. Revenue amounting to \$12,524,864.98 was derived from these sales and at the end of last year the balance remaining unpaid was \$15,687,018.51. The number of quarter sections purchased and afterwards surrendered to the Government was 1,204.

## Increase In Living Cost

Statistics Show March Average Slightly Higher Than February

Ottawa.—A slight increase at the beginning of March over February was shown in the average weekly cost of the family budget, according to figures compiled by the statistics branches of the Department of Labor. In some sixty Canadian cities the average cost of 29 staple goods for a family of five was \$10.79 as compared with \$10.54 in February and \$10.64 in March, 1932. In June, 1930, the budget cost \$10.32, while in March, 1931, the cost was only \$7.68.

## BARELY LIVED THROUGH IT

A terrible experience had Edw. J. O'Connor, of St. Paul, Minn., from boyhood he writes: "I have been a constant sufferer from Asthma and Catarrh. My nose and throat was often stopped up, and I had disagreeable droppings from my throat. When I was a child, I was often sick. It seemed as if I would barely live through it. I would go for breath. Catarrh made me feel as if I was smothering. My breathing action was exactly suited to my case." To those who suffer from Asthma, Catarrh, Irritation and Bronchitis, Catarrh is highly recommended. Two months treatment, one dollar, smaller sizes 25c & 50c, at all dealers or The Catarrhzone Co., Montreal.

## British Teachers Dismissed

Board of Education Finds There Are 100,000 Fewer Pupils

London.—The fall in the country's birth rate is strikingly represented in estimates of the Board of Education for this year which allow for 100,000 fewer pupils than were provided for previously and it is probable that this condition may continue for some years. The number of school teachers has been diminished by 1,000, the average number of children to one teacher being 31. The average cost of the public kindergartens is eleven pounds, eight shillings.

## Same Old Story From Nova Scotia

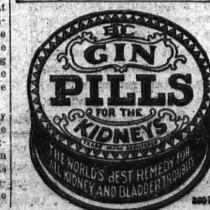

DODD'S KIDNEY PILLS GAVE RELIEF WHEN OTHER MEDICINES FAILED

Mrs. Mary McLean Suffered from Rheumatism and Kidney Trouble and was Relieved by Dodd's Kidney Pills. The Point, West Bay, Richmond Co., N.S.—(Special)—"I suffered from Rheumatism and Kidney trouble, and after spending a considerable amount of money on other medicines, I tried Dodd's Kidney Pills. They have done me more good than any other medicine I have ever taken."

Mrs. Mary McLean, who lives here, makes this statement. She says that Dodd's Kidney Pills are all that they are claimed to be. Dodd's Kidney Pills are no experiment. They have been relieving Kidney disease in all parts of Canada for over a quarter of a century. Dodd's Kidney Pills act directly on the kidneys, strengthening them so that they do their full work of straining all the impurities out of the blood. Uric acid crystallizing in the muscles causes the pains known as rheumatism. With no Uric Acid in the blood there can be no rheumatism. Ask your neighbors if Dodd's Kidney Pills do not make sound Kidneys.

## Progressive Candidate Elected

Moore Jaw, Sask.—After one of the most strenuous political campaigns in the history of this part of the country, R. N. Hopkins, Progressive candidate, defeated Hon. W. E. Knowler, Liberal nominee, by 1,291 votes, with 30 outlying polls to be heard from. Mr. Hopkins' election is conceded, but his majority may be cut down somewhat by the returns from 25 of the 30 polls in the district along the United States border.

## WESTERN EDITORS

A. J. N. Terrill, Editor and Manager of The News, Medicine Hat, Alta.

## Annual Grant to Fairs

Dominion Livestock Commissioner Says Western Class A Fairs to Receive \$5,000

Edmonton.—Western fairs on Class A list, such as Edmonton, Calgary, Regina, Saskatoon and Brandon, will receive annual grants of \$5,000, so H. S. Arkell, Dominion Livestock Commissioner, stated at a conference of representatives of exhibition associations, provincial governments and livestock association held here.

This official also stated that within two and at the most three years, federal grants for "Class B" fairs would be dropped. Restricting of favored draught horse breeds to Clydesdales, Percherons, Belgians and Shires while there would be two kinds of light horses, thoroughbreds and standard bred, was approved by the meeting. There was a great degree of unanimity on the beef cattle classes, shorthorns, Herefords and Aberdeen Angus being approved of. Considerable discussion took place over the dairy cattle eliminations, particularly as a number of Alberta delegates were holding forth for the Jerseys while Saskatchewan was sympathetic to Guernseys.

Finally, a motion favoring the Holstein and Ayrshires only was passed while the selecting of another dairy or dual purpose breed was left to the discretion of the various fair boards, who will act in consultation with Ottawa.

## Prepare For Whiskey Smugglers

American Prohibition Agents to Cope With Liquor Shipments From Canada

Washington.—New England prohibition agents are advising Commissioner Hayes that they are preparing for a spring opening of liquor shipments from Canada.

Roads in the States along the Canadian border are clearing rapidly of snow, and it was expected that fleets of motor trucks of smugglers from Canada would be on their way. The prohibition men say they are prepared to cope with the situation.

## Photos Confirm Einstein Theory

Results Deduced From Photographs of Eclipse of the Sun

San Jose, Calif.—Dr. Albert Einstein's theory of relativity is confirmed by results deduced from photographs of the eclipse of the sun, taken at Walla, on the northwest coast of Australia, on September 21, 1922, by the W. H. Crocker eclipse expedition from the Lick Observatory, University of California, according to a statement issued by Dr. W. W. Campbell, Director of the Observatory, who headed the expedition.

## Complaint About Screenings

Says Only One Complaint Has Been Received Since 1915

Ottawa.—That only one complaint had been made to the Board of Grain Commissioners with regard to screenings shipped from Canada Government elevators since 1915, was the substance of a reply by the Minister of Trade and Commerce to a question in the House of Commons by Dr. R. T. Manion, Conservative, Fort William.

It was asserted that the matter had been allowed to lapse owing to the complainants failing to prove that they did not receive the product called for by the documents surrendered.

Fast Time in Belgium Brussels.—The Belgium cabinet has decided to adopt summer time simultaneously with Great Britain, the clock being advanced one hour April 22.

## Manitoba Government Decides To Introduce Wheat Board Measure

### To Solve Rural Credits

Novel Proposal Made by George Bevington of Edmonton

Ottawa.—That the provinces should incorporate themselves as banks under the Federal Bank Act, was suggested by George Bevington, of Edmonton, before the banking and commerce committee of the House, as a means of solving the problem of providing credit for agriculture and other purposes.

Mr. Bevington suggested that the power of the Treasury Board to issue Dominion notes in return for securities be defined by Parliament; that the provinces take out charters under the existing Bank Act and appoint a board of directors to conduct the business, including the establishment of "local units" or branch banks. He led up to the proposal by stating that the present system encouraged loans to manufacturers and distributors rather than the primary producers.

He pointed out that under existing conditions the Dominion Treasury Board issued Dominion notes to the banks on provincial or federal bonds or other good securities. Why, then, should not the Treasury Board issue Dominion notes direct to a province on provincial bonds?

### Let Grading Contracts

Winnipeg.—The contract for grading the new Canadian Pacific Railway branch from Kulkite to Battle River, Sask., has been awarded to W. A. Dutton, of Winnipeg. It was announced by D. C. Coleman, Vice-President Western Lines. The contract for grading an additional new branch line which the company is building from Nottawa to Moffat, Sask., has been awarded, the Vice-President stated, to Stewart and Cameron, also, of Winnipeg.

### The Way They Do It In Turkey

Constantinople.—Under the terms of a bill submitted to the Turkish assembly by the National defence party, any person found guilty of an act against the sovereignty of the people, whether by word, deed or publication, will be tried and punished by high treason. It is pointed out that this measure, if adopted, would deprive the opposition of power to work for restoration of the Sultanate.

## They Do a Hundred Calories in About 9<sup>3</sup>/<sub>5</sub>

EAT a box of little raisins when you feel hungry, lazy, tired or faint.

In about 9<sup>3</sup>/<sub>5</sub> seconds a hundred calories or more of energizing nutrient will put you on your toes again.

W. J. BARTLEY, PUBLISHER

Blairmore, Alta., Thurs., April 19, 1923

The newspaper is a great sinnet, both in matters of omission and commission. It is always printing the thing it ought not to print and leaving unprinted the thing it ought to print, according to the average critic, and he is the multitude. Yet is it not a fact that the sinnet is the most lovable fellow? The most popular characters in all masterpieces of English literature were general scamps, none was entirely devoid of weakness; yet they will come near to achieving immortality as any mortal thing. Take them all, commencing with Falstaff and Tom Jones, and running down a list which includes all the often unheroic heroes of fiction, and confess that the world would be a poor, drab, uninteresting place without them. But there is not one that has not some remnant of saving grace, with the possible exception of Holy Willie and Uriah Heep. Burns even pleaded for the devil and prayed that he might not be beyond redemption—Exchange.

### BE CAREFUL, GIRLS

No young lady ever lost her hero because her hands happened to be a little calloused from wielding the broom or stained from dipping them in dishwater.

No girl ever fell down a lot in the estimation of her hero because she stayed at home all afternoon and helped her mother with the work instead of coming down town and putting on a parade eight miles long.

No girl ever lost her hero because she made life more pleasant for Dad and smoothed the wrinkles from his brow and caused him to look forward to the evening at home with pleasure.

No girl ever lost her hero because she wasn't an adept at using all the latest and most popular slang of the day. There is nothing in slang for a young man to admire and much less a young lady. If the young lady wishes the company of a worth-while fellow she will avoid using slang as she would poison. She will shut the girl or the young man who uses slang of today.

No girl regrets losing a hero who was a common, cheap, tin-bored sport and she had better be a kitchen queen for dad and mother all her life than a broken-hearted drudge of a slave for such a brainless brat for a single day.

Just because a girl arrives at gray hairs and faded cheeks in single blessedness is no sign she didn't have a chance. More than likely it is because she kept posted in market values and refused to sell her heart and happiness for a mess of potage.—Ex.

### ALBERTA COAL IN THE EAST

Perhaps the event of greatest potential value to Alberta—and to all of Canada—during the past few days, has been the splendid reception which important interests in Ontario have given Alberta's trial shipment of coal.

If the question of fair and reasonable transportation costs can be solved, then it looks like the dawn of a new era of industrial development for this province. If Alberta and Ontario can get together on this proposition, it will be beneficial all along the line—helping the mining industry here, producing traffic for the transportation companies, and benefitting consumers and industries in Ontario and Quebec. These two provinces are said to import annually \$40,000,000 worth of coal. It would be a good piece of business for Canada if that money could be spent in Canada instead of the bulk of it going to outside countries. The development of

inter-Canadian trade in coal may be a means of solving some of Canada's big problems. Alberta's representatives in the east have wired Premier Greenfield that they had an encouraging interview with Sir Henry Thornton on the question of transportation.

### AS SEEN FROM EDMONTON

The recent issue of the Provincial Liquor Act Bulletin contains the following reference to the Crows' Nest Pass:

"Special reference is made in the report to the special conditions obtaining in the Crows' Nest Pass largely to the proximity of the legal sale of liquor in nearby B.C. points, and the measures taken to cope with these difficulties. One of these was the establishment of a special detachment known as 'The Barrier.' Officers were placed on continuous duty at this point on the road leading down from the provincial boundary to intercept all illegal shipments. These officers were successful, according to the report, in almost entirely preventing the illegal importation of liquor into the province from B.C., which brought about a very noticeable improvement in conditions throughout the whole Pass region."

### HICKS—SHAW

Cadomin, Alberta,  
March 28, 1923.

A wedding of much local interest was solemnized on Wednesday, March 28th, at 7 p.m., at the residence of Mr. and Mrs. W. W. Locke, when Mrs. Edith Harriett Shaw became the bride of Mr. Arthur Crowston Hicks in the presence of a large assembly of friends. The ceremony was performed by Rev. Dr. Langfeldt, M.A., of Edmonton.

The bride, who was given away by her brother, Mr. Fred J. Chappell, was beautifully attired in a gown of old gold tulle, trimmed with gold lace and a hat to harmonize. She carried a bouquet of pink carnations, tied with white satin streamers, the gift of her brother, Mr. Fred J. Chappell. The bridesmaid was Mrs. Fred Chappell, who was dressed in pale pink satin, trimmed with gold and hat to match. The matron of honor was Mrs. W. W. Locke, who was attired in a charming gown of sarsaparilla and radium face, with hat to match. The bridegroom was attended by Mr. F. Faulkner. Pink carnations and white roses were used for decorating the room. A delicious buffet supper was served after the ceremony. Among the numerous gifts was a rope of pearls from the bridegroom, an opera gramophone from Mr. and Mrs. Fred Chappell, a silver tea service from personal friends of the bride, and many other valuable gifts. Later in the evening a reception was given, followed by a dance. The bride, Mrs. A. C. Hicks, is a daughter of Mr. W. H. Chappell, of Bellevue, and a sister of Mr. W. H. Chappell, junior, of Blairmore.

### PROHIBITION AS FANATICISM

LONDON, March 28.—In a contribution to the Daily Mail the novelist, Max Pemberton, is gently sarcastic over Lady Astor's forthcoming temperance bill, which changes the age from 16 to 18 at which young men may be served in public houses.

He recalls the court scene in Pickwick versus Bardell, and says Lady Astor is to imitate the amiable lawyer Dodson and Fogg, "and come before the tribunal with a piling infant of 17 years 11 months whose immortal soul is in peril for the sake of a glass of Bass' beer."

He declares the measure is merely the first word in the campaign for prohibition imported from New York and that there is no valid reason why a boy of 17 years of age should not have a glass of beer if his parents consent; they are the best judges in the matter. "And not only may he not drink ale himself," continues Pemberton, "but he is forbidden to fetch his father's supper beer. And all beneath the statue of liberty to be carried stone by stone from New York harbor and rebuilt within sight of the Cenotaph."

Studebaker  
"Built-in-Canada"

THE Studebaker Big-Six Touring is a seven-passenger car—not merely a seven-passenger body mounted on a five-passenger chassis.

It is built for seven-passenger service—with a motor of ample power and stamina.

The Big-Six is economical to operate and keeps out of the repair shop. Every unit is consistently good. Each has proved its dependability in the service of thousands of owners.

And the Studebaker name is your guarantee of absolute satisfaction.

Harry Gunn spent last week at  
Sunburst and Shelby and came in to  
spend Sunday with his family at  
Blairmore. Harry is very optimistic  
over the prospects for oil on the Cana-  
dian side of the boundary and claims  
it is only a matter of a few days  
till the big strike will be effected  
by McLean's operations.

Playing football contests for many  
weeks without winning proved too  
great a strain on the honesty of  
Michael Spagnolo, of North Vancouver.  
He worked out a system of beating  
the winners out of their gains and  
was caught and has been sent to the  
penitentiary to serve four years.  
When Spagnolo read in a paper that  
someone had won a prize he would  
write to the postmaster of the town  
where they lived, giving in their  
name a change of address and asking  
that the mail be forwarded to a North  
Vancouver mail box, which he had  
rented for the purpose. When the  
cheque arrived he would endorse it  
and cash it.

A grand joint concert and boxing  
exhibition will be staged at the Rex  
Theatre, Bellevue, on Thursday night  
next, April the 26th. A concert pro-  
gramme of songs, recitations, speech-  
es, etc., will be given in Ukrainian,  
Italian and English languages. Dick  
Marshall and Kid Burns will stage a  
five-round boxing exhibition.

Leo Castle, aged seventeen, who  
twice risked his life by crossing from  
Canada to the United States on the  
slovers of the international bridge at  
Niagara Falls, now awaits deportation  
from Detroit to Canada. Leo  
announced that he intended going to  
Edmonton, Alberta, where his mother,  
a United States woman, lives, to ask  
her to bring him into the States.

A petition signed by eighty per  
cent of the ratepayers of Macleod has  
been sent to Edmonton, requesting  
that the finance commission take no  
action in regard to appointing an ad-  
ministrator for the affairs of the  
Town of Macleod until the matter has  
received a full and fair hearing from  
all concerned.

It is stated that the Duke of York  
is to be appointed governor-general  
of one of the British overseas domi-  
nions in the near future.

**ROCKY MOUNTAIN MEMBER**  
COMPLAINS OVER  
CAPITALIZATION

EDMONTON, April 17.—After finally  
passing the estimates on Monday,  
calling for total a reduction of \$5,250  
to \$10,765,609.95 on income account  
and \$4,654,687.08 on capital account,  
making a total of \$18,420,247.03 voted  
for this year's spending the legisla-  
ture plunged into consideration of P.  
M. Christophers' motion for an in-  
quiry into the coal industry of the  
province on the following motion moved  
by him:

"Resolved that in the opinion of  
this House, a commission should be  
appointed under the Public Inquiries  
Act to inquire into the coal industry  
of the province—Reserves of coal, sys-  
tems of mining, grading and inspec-  
tion, and giving special attention to  
the question of costs of production in  
the different mines—and that for  
such purpose the commissioners or  
commissioners should be given the  
power of summoning witnesses before  
him or them, and of requiring such  
witnesses to give evidence on oath or  
on solemn affirmation and to produce  
such documents and things as the  
commissioners may deem requisite for  
the full investigation of the matters  
into which he or they are appointed  
to inquire."

Mr. Christophers' motion was de-  
feated by a vote of 25 to 22. The  
government front benches voted  
against the motion and being caved  
from defeat by the fact that the three  
former members of the Stewart  
government sitting opposite, Hon. Boyle,  
Mitchell and Cote, supported the gov-  
ernment in opposition to the proposal  
for a governmental enquiry into the  
industry, former members who voted  
against the cabinet and in favor of the  
inquiry were Messrs. Clappold,  
Forster, Carson, Moore, McKeen,  
Washburn, Andrews and W. C. Smith  
of Redcliffe.

In urging his motion upon the floor  
Mr. Christophers, who is himself a  
coal miner, declared that he wanted  
a number of things connected with the  
industry inquired into. In the first  
place the system of mining in the  
province was wrong. First the northern  
part of the province were destroying  
millions of tons of coal which  
could be cheaply mined. Then again  
there were no provisions to enforce  
the extraction of all the coal in the  
mines being worked with the result  
that some mines were being abandon-  
ed with less than 10 per cent of the  
coal being taken out. The wastage  
was altogether too great. In view of  
the fact that the province was in line  
to get its natural resources, he urged  
that such an enquiry as he urged  
was necessary for the protection of  
the wealth of the province.

Then as to grading and inspection,  
he maintained there would never be  
proper grading without a law.

As to cost of production, the speaker  
held that these should be got at  
homework. The public felt it was pay-  
ing too much for its coal. That, he  
believed, was because a lot of the  
money on capital had never been put  
into the development of the mines.  
Smaller mines in the province had  
never had a cent of capital put  
into them, "all gall and no capital"  
was the way he expressed it. He  
wanted the public to know the actual  
amount of money invested.

Premier Greenfield in replying said  
that while there was much truth in  
what the member for Rocky Mountain  
said, the present was not the time for  
the holding of an investigation. There  
had been an inquiry held in 1919, and  
the report was available, and the cost  
would be too great to hold another so  
soon. Grading and inspection would  
be taken care of under a new bill he  
had introduced that day. As to the  
cost of production, while he believed  
the public was paying too much for  
its coal, he thought it was not the on-  
ly industry which was overcapitalized.  
He urged, too, that if an inquiry was  
to be held it should take in the matter  
of wages, for the reports showed Al-  
berta miners to be better paid than  
those of any other province. In con-  
clusion he said that he did not think  
the present was the right time for an  
inquiry, that the outlook was good for

a settlement of the natural resources  
issue within one or two years, and up-  
on the government getting possession  
of its mining rights would be thought  
be the proper time to make a thor-  
ough investigation.

#### COWLEY HAPPENINGS

Miss Anderson was a Calgary visitor  
for the week end.

Mr. Ashworth and son, who spent  
the winter in Florida, have returned.

Mrs. James Gilmore is on the sick  
list this week, we are sorry to say.

Mrs. Lowden, of Fernie, has return-  
ed, after spending a few days visiting  
friends here.

Minnie Bannerman, who has been  
with Mrs. McLachlan for some time,  
has gone to Granger, Alberta.

Mr. and Mrs. Moore have had the  
misfortune to lose their infant daugh-  
ter. We join in sympathy for the be-  
rieved parents.

Mrs. Gus Schambran and daughter  
have returned from Edmonton. We  
are glad to say that Bessie is much  
improved in health.

A large amount of whiskey was  
seized by the police here last Friday,  
it having been shipped in trunks as  
baggage. The owner has not been  
identified.

The Oddfellows' dance, held here  
on Monday night, was a huge success.  
The large crowd that attended enjoy-  
ed themselves to the fullest. Music  
was furnished by the Banff orchestra.

Rev. Munroe, of Victoria, B. C., ar-  
rived here this week. He will take  
charge of the work in the field of  
Cowley, Lundbreck and Tennessee dis-  
tricts. He will conduct services ev-  
ery Sunday evening in Cowley at  
7:30 o'clock.

A very pleasant evening was spent  
by the members of the Ladies' Aid on  
Saturday last at the home of Mrs.  
Swart, the occasion being a send-off  
for Mrs. Bouthillier, who has served  
faithfully as president of the society  
for a number of years. The evening  
passed with music, songs, etc. When  
all repaired to the dining room to par-  
take of a sumptuous supper, Mrs. Bouthillier  
was presented with twelve sil-  
ver teaspoons as a token of apprecia-  
tion of the splendid work she has so  
ably helped to carry on.

The last whist drive of the season  
was held in the Masonic hall on  
Thursday evening last. The first  
prizes were won by Miss Anderson  
(box writing paper) and Dr. Donald  
(smoking set). The second prizes  
were won by Miss McWilliams and  
Fred Snyder, while the booby prizes  
were awarded to Mrs. Christie and A.  
Swart. These on the committee were  
Miss McWilliams, Miss Anderson,  
Mrs. Leigh, Mrs. Doyle, Mrs. McEwen  
and Fred Snyder. Mrs. Grove, of  
Lundbreck, furnished the music for  
dancing, which was indulged in after  
the drive was over. Everybody had  
a good time.

E. E. King, carrying on business in  
Blairmore for several months under  
the firm style of The Blairmore Ex-  
change, dealing in new and second-  
hand furniture, etc., declared an as-  
signment last week for the benefit of  
his creditors, with the Canadian Credit  
Men's Trust Association, Ltd., of  
Calgary, as trustees. At a meeting  
of creditors held in Calgary on April  
12th creditors expressed dissatisfac-  
tion with the way in which the debtor  
had replied to some of the questions  
put to him and thought it advisable  
that he should be brought up for ex-  
amination under the Bankruptcy Act.  
Mr. King appears for such examina-  
tion tomorrow, Friday, at Calgary.

Not many sane people in this pro-  
vince will entertain the attorney-  
general's idea of using a machine gun  
to enforce a much-patched-up and un-  
popular-in-the-extreme piece of leg-  
islation, such as the liquor act.

George Mitchell, a farmer of the  
Vulcan district, committed suicide on  
April the 10th by blowing off part of  
his head with a shotgun.

#### ENGLISHMAN'S HAPPINESS RECIPE

Laugh wherever you go; it is infec-  
tious.  
Don't lose your temper lightly, but  
when you lose it let it rip.  
Look every man straight in the eye.  
That is the quickest and surest way  
to a mutual understanding.

Never be ashamed of your opinion  
simply because you are in the minority.  
Look at marriage as the beginning,  
not the end of an adventure.  
Never use the words "settle down"  
until you are at least eighty years of  
age. To settle down is to stagnate.  
Get into the fresh air. When you  
are depressed, summon the body to  
hold the mind.

Never admit you are beaten until  
you are battered to bits. Then go  
away, heal your wounds and fight  
again.  
Rise every day like a man who is

going into battle.  
Don't be ashamed of being an  
idealist.  
Think and dream on the large scale.  
If every shred is taken from you,  
keep your honor.  
Don't analyze your emotions.

Harry Gunn has moved his family  
and effects to Pincher Creek and the  
Rosse house vacated by them is being  
occupied by F. Wheatley and family.

We just read of a woman who  
drank so much hot water in an effort  
to reduce that her husband was un-  
able to take his Saturday evening  
bath.

No, dear friend, the green flag in  
front of the Cosmopolitan hotel does  
not mark the burial place of the  
chairman of the waterworks commit-  
tee!

(Continued)

Soon afterward the upper bell rang, and during the meal Helen told the Senator, who seemed somewhat morose and preoccupied, of the visit she had had.

"Sure things people. Goodness! I was glad to see them at first because I thought they would help me to pass the afternoon, but instead I was bored to death. That little mix is crazy about Gordon, though. I could see that."

"The worst of it is that she just jumps into the scene here, and I don't. You know, father, I never could be enthusiastic over showing the cows to root and things like that."

"I feel like a deaf person at a concert, here in this town." This remark brought a wry laugh from her father, and Helen smiled.

"Well, I've made you laugh anyway," she said. "You're frightfully grouchy this evening."

"My dear, I'm busy, very busy, and I haven't time to think of trifles. I'll be at it most of the night."

"Oh, shall you? Goodness, that's cheerful. I wish I had never come to this awful little place. I suppose I must go back to my letters for something to do. And, father," she added, as he lingered with her for a moment in the hallway, "the Purnells seem to think that you and Mr. Moran had better not go too far. The people here are very much wrought up."

He patted her shoulder affectionately.

"You leave all that to me and go to write to your mother."

There was nothing else for her to do, so she returned to the parlor. When she had finished her letters, she idly picked up a week-old copy of a Denver newspaper which lay on the table and glanced through the headlines. She was yawningly thinking of home, when Moran came into the room.

"Oh, are you and father through at last?"

"Yes," he answered, smiling. "That is, we're through talking. I've got my way over to the office to straighten up a few loose ends before I turn in. There's no rest for the weary, you know."

"Don't let me keep you, then," she said drily, as he lingered. "I'm going to bed."

"You're not keeping me. I'm keeping myself." He quite understood her motive, but he was not thin-skinned, and he had learned that he had to make his opportunities with her. "Your father told me you were getting nervous."

"Not anxious, tired."

"Things are getting a little warmer here, but before there's any real danger we expect to have the soldiers here to take charge."

He rather ostentatiously showed his hand, but she, hoping to win her sympathy, but she professed none. Instead, she yawned and tapped her lips with her fingers, and her indifference pleased him.

"I was talking with Dorothy Purnell this afternoon," Helen finally remarked, eyeing him lazily, "and she seems to be of the opinion that we have hard work awaiting Gordon Wade. I rather hope that you do."

"Well," he feigned a little on his feet and stroked his mustache. "We may have, at that. Miss Purnell is popular and she can make a lot of trouble for us if she wants to. Being very fond of Wade, she's likely to do all that she can."

"Would she really have so much influence?" Helen asked, carefully guarding her tongue.

He laughed shortly as though amused at the thought.

"Influence? Evidently you don't realize what a good looking girl means in a frontier town like this. She's part sister, part mother, sweetheart."

and a breath from heaven to every man in Crawling Water. Or that account, with one exception, I've had to import every last one of my men. The exception is Turballe, who's beyond hope where women are concerned. To all the rest, Dorothy Purnell is Wade's girl, and they would fight against her, or him, for all the money in Wyoming."

"How interesting! Helen could make her tone indifferent to the point of languor, but she could not keep the glow of jealousy out of her eyes. "Gordon is a fortunate man to have such an able ally, isn't he?"

"The fellow will decide that, I should say," Moran replied sneeringly. "She may stir up more trouble than all her friends can take care of."

For all of her social schooling, Helen was not proof against the sneer in his words, even though she fully saw through his purpose to wound her. She felt her temper rising, and that came curiously to her mind.

"I've got to see that I don't let her relationship between Wade and Dorothy Purnell have really gone. That woman would exaggerate the facts, for he had his own ends, again, but possibly from his own exaggerations could glean some truth. Yet she did not want to go far in her anger as to gratify his malice, and she was in a something of a dilemma."

"I don't believe that she is 'Wade's girl' as you call her, at all," she said coolly. "They may be good friends, and if so, I'm glad, but they are nothing more than that. There is no understanding between them."

Moran carefully wiped his hand in the direction of the rain-swept street, illuminated now and then by the light of a lantern.

"I wish you would be a little more tactful, even if I wanted to do it. I prefer to draw my own conclusions." The agent drew up his chair with his well hand, and sat down with that easy familiarity that came so natural to him. Helen watched him, hardly impertinent.

"I've been wanting to have a talk with you, Helen, but you look like a good chance to me. You've been foolish about Wade. Yes, I postulate. The agent drew up his chair with his well hand, and sat down with that easy familiarity that came so natural to him. Helen watched him, hardly impertinent.

"I've been wanting to have a talk with you, Helen, but you look like a good chance to me. You've been foolish about Wade. Yes, I postulate. The agent drew up his chair with his well hand, and sat down with that easy familiarity that came so natural to him. Helen watched him, hardly impertinent.

shook. "If you are, it's insufferable to me." "Go easy, now," he warned her. "It's not made a fool of."

"She did not heed his warning. Glad to have him on the rack, where she had been, she laughed at him. "I have you sense enough to know that, for that very reason, I'd refuse to believe anything you might say against that old Yankee."

"You are watching her keenly as you hate him. Listen to me. Oh, this is absurd!" She laughed again at the picture he was painting. "You've pursued me for months with your attentions, although I've done everything but encourage you. Now you want to know that I shall never again even listen to you. What Gordon is to do, I have no say in it, and he, and perhaps for me to be interested in, but not for you. Now I'm going to bed. Good night."

He caught her by the arm as she stood up, but immediately released her when she stepped in front of her instead.

"Hold on," he begged, with a smile that meant wonderful mastery of himself. "I've got feelings, you know. You needn't walk on them. I love you. I want you. What I usually get. I mean to get you." She looked up at him with heavy-lidded eyes. "I may have said I'd be one more notch in his account against Wade. I know now I'm not to be counted on."

"You be reasonable, and you'll be happier," she retorted. "May I go?" "Certainly," he stepped out of her way. "Good night."

(To be continued)

#### Women Postmasters

Women's Big Share in the Canadian Postal Service

Few people realize the important part played by women in the postal service of Canada. While it is true that at the average country postoffice the bulk of the work is done by the women members of the family, it comes as a surprise to learn that out of the 12,000 odd postmasters in Canada no fewer than 2,577 are women.

Nova Scotia heads the list with 374 postmistresses; Quebec is second with 346; Ontario third with 295, and the other provinces follow in this order: New Brunswick, 196; Saskatchewan, 144; Alberta, 137; British Columbia, 122; Manitoba, 83; Prince Edward Island, 22; and Yukon, 1.

When to these are added the several thousand girls employed at the various city postoffices and in the administrative service both at Ottawa and throughout the Dominion, it must be admitted that the general idea that the post-office is a male monopoly is quite wrong.

It may be interesting to state the allocation of postoffices to each province: Ontario, 2,577; Quebec, 2,393; Nova Scotia, 374; Saskatchewan, 1,905; Alberta, 1,186; New Brunswick, 1,136; British Columbia, 840; Manitoba, 391; Prince Edward Island, 124; Yukon, 18; and the Northwest Territories, 1.

As the census figures gleaned from office records is that 32 postoffices in Canada have clerjomen as postmasters; Quebec, 8; Saskatchewan, 5; British Columbia, 5; the Territories, 4; Ontario and Alberta, 3 each; Nova Scotia, 2, and Yukon, 1.

And one postoffice in Alberta has a Chinaman as its postmaster!

#### Activity in Building

Quebec Leads all the Provinces in Building for Month of March

Construction contracts calling for building having an estimated value of \$19,954,890 were awarded in Canada during March. The contracts awarded call for construction having an estimated value of \$6,489,300 in excess of those awarded during a corresponding period in 1922.

Residential building accounted for thirty per cent of the March total, amounting to \$5,974,200; business, \$4,100,000; manufacturing, \$2,766,000; industrial building, amounting to \$2,2 per cent, amounting to \$3,843,000; and public works and utilities to 12.9 per cent, amounting to \$2,071,300.

Quebec led all the provinces, having a total of new building at an estimated valuation of \$3,898,000. Ontario ranked second with \$3,412,000. Manitoba was third with \$3,165,700.

In the number of projects undertaken, residences ranked first, numbering 1,149, calling for construction having an estimated valuation of \$5,787,000; stores came second with 67 projects valued at \$1,455,500, and factories third with 26 projects valued at \$3,843,000.

#### A Woman Diver

That diving may be looked upon as an occupation for women is demonstrated by Miss Margaret Taylor, Great Britain's woman diver, who is searching in Tobermory Bay, Scotland, for treasure left by a ship of the Spanish Armada. A dive of ten fathoms is nothing to Miss Taylor.

#### Security

Customer—I want a perfectly safe home investment that I can forget all about.

Broker—I see you want a wife—New York Herald.

Any man and wife can get along together unless both happen to feel like putting at the same time.

## Clogged-Up Liver Causes Headache

It's foolish to suffer from constipation, sick headache, biliousness, dizziness, indigestion, and blood ailments when Carter's Liver Pills will cure all misery in a few hours. Purely vegetable, Act gently on liver and bowels. Small Pill—Small Dose—Small Price.

## Value of Airplanes

Trend in Aviation Toward Commercial Utilization of Planes

Canadian air pilots have 294,449 miles, nearly 9,152 passengers, and handled 77,800 pounds of freight during the year 1922, according to a report prepared by the Canadian Air Board. Saskatchewan aviators led the Dominion in passenger work, carrying 3,423 people. Manitoba pilots were next, carrying 1,622 passengers. British Columbia was third, taking care of 1,122 passengers.

"The trend in aviation," says the report, "is toward commercial utilization of planes, evidenced by the great increase in the amount of freight handled by airplanes during the year."

Utilization of airplanes in combating forest fires in British Columbia and Quebec formed an important part of the efficiency of the airplane control service. The Dominion has twenty seaplanes and five land machines protecting its vast forest resources. Timber stands valued at millions of dollars were saved during the year through the efficiency of the airplane control service in reporting outbreaks and rushing fire-fighters and equipment to the scene of conflagrations.

## What The West Needs

Better Assistance Required to Ensure Satisfactory Conditions

It can no longer be regarded as a secret that conditions in the west are so unsatisfactory as to cause natural-born optimists to talk out of the other side of their mouths. Out west people would much prefer to whistle and be cheerful at their work, and would gladly become optimists if any sort of inducement were given them. But thousands of homeleaves are up against difficulties that can't be whistled away.

Never in its history did the west stand in greater need of a bumper harvest than this year, and not that alone, but every contributory aid that finance, transportation and governmental aid can give it in 1923.—Toronto Star.

## St. Anne de Beaupre

Plans for Handsome New Church Have Been Completed

The plans for the construction of the new St. Anne de Beaupre church have been completed and provide for a church which will probably be the most spacious and finest from an architectural point of view, in the Basaltic in architectural style the new Basaltic church is a combination of Roman and Gothic, and the steeples in front will tower 225 feet high. The Basaltic will contain 26 altars in all, including those of the chapels.

## Progressive and H.R. Railway

The Progressive and H.R. Railway in Ontario are criticized for demanding economy, yet urging the building of the Hudson Bay railway. But their hands were forced in this railway matter by the giving of orders for the tearing up of rails on parts of the road already built. The west has not insisted reasonably on the instant completion of this work, but it is determined the enterprise shall not be abandoned.—Toronto Star.

The Oil for the Farmer—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

## The Language of Simplicity

The wise teacher is he who tells the profoundest verities easiest to go home and write it out in words of one syllable. He need not confine his gospel to the academics of youths. The High Court of Parliament needs a frequent reminder to draft its measures in the language of the Commons of England.—London Daily Herald.

MURINE Night and Morning. Keep Clean, Healthy Eyes. If they turn red, sore, itchy, or burn, use Murine. If sore, irritated, or inflamed, use Murine. If eyes are red, sore, itchy, or burn, use Murine. If eyes are red, sore, itchy, or burn, use Murine. Write for Free Book, Murine for Healthy Eyes.

## Immunity of Last Grain Crop

217,685 Grain Cars Inspected in Six Months' Period

The immunity of the 1923 grain crop, and the splendid work done by the Canadian railways in moving it, is made evident by figures just published, showing that the total number of grain cars inspected during the six months ended February, was 217,685, an increase of 50,115, or 30 per cent, over that for the same period last year. The Canadian Pacific Railway handled by far the greater part of this, namely, 118,241 cars, being an increase of nearly 35,000 cars over that for the same period of the preceding year.

## Rural "White Ways"

Country Roads in Quebec to be Illuminated

Two great highways in the province of Quebec, where there is a generous network of excellent roads, are to be brilliantly lighted. What were the old time country roads are to be transformed through picturesque and sleepy villages. Now the clean sweep of permanent way will be dotted with lights. It is believed that lighted roads will add to the urbanization of country life.

## HER HEART SKIPPED EVERY THIRD BEAT

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes: "I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me."

I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it, I felt a lot better; could sleep a little and felt much stronger.

When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like telling everyone who knows what I have done.

Price 50c a box, at all dealers or mailed direct on receipt of price by Cash Milburn, Ltd., Toronto, Ont.

## A Tribute to Britain

Notable Chinese Urges Country to Copy British Example

Great Britain receives so many knocks on account of her activities in various parts of the world that it is worth noting when she receives a boost from some of the most notable men of China, recently gave her a boost which should not be overlooked. Speaking to the students at the university at Hong Kong he pointed to the wonderful achievements of the past thirty years in the government of the city, and appealed to his hearers to copy the British example of good government throughout China, declaring that there was nothing in China comparable to it, despite China's 4,000 years of civilization.—Chatham News.

## Manitoba's Forest Fires

Dried Grass Creates a Considerable Fire Hazard

In view of the approaching forest fire season, the District Inspector of Forest Reserves points out that the periods of greatest fire danger in Manitoba vary in different parts. In the south and southwest, during the period from the disappearance of the snow until the June rains, the dried up grass creates a considerable fire hazard, as it does also after the autumn. In the north of the province, on the other hand, moss takes the place of the grass as ground cover. This moss does not dry out until about July and August, and this is the period when most of the fires start.

The Poor Man's Friend—Put up in small bottles at an easily portable and sold for a very small sum. Dr. Thomas' Electric Oil possesses power and concentration which it can be put to make the poor man's friend. No dealer's stock is complete without it.

## A Nutty Fish

Prof.—"What an oyster!"

Stude.—"An oyster is a fish built like a nut."—Burr.

The King of Siam has published a translation in Siamese of one of Shakespeare's works.

**Sloan's Liniment**

## Stops Backaches at once—so comforting

A tiring day on your feet. Stoop, lifting, running up and downstairs—does your back feel tired and painful? Apply Sloan's Liniment to sore, tired muscles. That warm, penetrating glow brings immediate comfort. Almost before you realize it the pain and stiffness are gone.

Wherever congestion causes pain—use Sloan's Liniment. It relieves rheumatism, sprains, strains, colds, and all other ailments.

**Sloan's Liniment—hills pain!**  
For rheumatism, sprains, strains, colds, and all other ailments.

## Best Food For Babies

What Do You Put In Your Baby's Bottle?

If you cannot assure your baby, choose a food that will be as nutritious and as easily digested as your own milk. Give your baby Borden's Eagle Brand Milk, the best food for babies, because during the past twenty-two years by hundreds of thousands of mothers.

In this paper from time to time you will find an advertisement of Borden's Eagle Brand Milk, a food that has raised more healthy babies than all the prepared infant foods combined. Cut out the advertisement and mail it to The Borden Company Limited, Montreal, and they will send you, free of charge, what you want, either instructions in your own language for feeding your baby, or a baby book, a recipe book telling you how to make tasty dishes with Eagle Brand. Ask for by name what you would like to have.

Muddling Through

The Anglo-Saxon is easily the most incoherent being in Europe. Put a Frenchman or an Italian on his legs and volubility pours out of his unashamed mouth. We remain tongue-tied. "I'm not so simple," they say, "I need food to think the gods each morning for having given us that other, more estimable gift of Persistence—of knowing what we want, even if we cannot name it, and of incoherently carrying on with it in our grasp."—London Daily Express.

France's Damage Heavy

The war damage in the devastated region of France are fixed at \$875,000,000 francs in the revised figure, announced by the Minister of Liberated Regions in answer to a parliamentary inquiry. France has paid her war victims \$1,225,000,000 francs, or 48 per cent, of the entire amount, largely in government securities.

A lazy man is dead loss to himself.

## NERVOUS MOTHERS

Cumbered with endless rounds of duty, the tired, nervous mother generally finds in Scott's Emulsion tonic-help of rarest value. A little of Scott's after meals for a few days would do a world of good. Try it.

## After Every Meal

WRIGLEY'S and give your stomach a lift. Provides "the bit of sweet" in beautiful form. Helps to cleanse the teeth and keep them healthy.

DR. CHASE'S KIDNEY-LIVER PILLS

One pill a dose, 25c a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25c a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

## "I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Canadian Sta., N.B., writes:

"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little result. Now, I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

One pill a dose, 25c a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

# ORPHEUM THEATRE

FRIDAY, APRIL 20

## "Brothers Under the Skin"

Don't get married until you have seen this rollicking photoplay. The merriest picture of wedded life ever filmed. If you want to become an expert on marital strategy, don't miss this laugh fest.

SATURDAY, APRIL 21

## "THE STORM"

The great fury of winter in the northern forest is as nothing to the fury of human souls caught in "The Storm" of Passion. See House Peters, supported by Virginia Valli and Matt Moore in this Jewel Dramatic Film.

MONDAY, APRIL 23

ALICE BRADY IN

## "ANNA ASCENDS"

A Paramount. Miss Brady as a pretty Syrian immigrant girl, who struggles for fortune and love. A huge success on the stage, even greater as a picture. Also the Cane Doyle second reel.

TUESDAY, APRIL 24

## "The Son of Wallingford"

A special production with an all-star cast, written and directed by Lillian and George Randolph Chester. Also "HIRAM," a story of the farm, featuring Miss Fara Lavette and Mr. Jack Lawless in the principal roles.

WEDNESDAY, APRIL 25

## "THE TOWN THAT FORGOT GOD"

Many cities have been destroyed by the wrath of a righteous God, but none were more thoroughly demolished than the village in "The Town That Forgot God," which was swept away by a flood, more terrifying than anything heretofore shown on the screen.

ONE NIGHT ONLY—WEDNESDAY

### HILLCREST HAPPENINGS

(By Our Own Dear Folks)

There is a possibility that P. Burns' butcher shop will be moved to a more central and suitable location in the near future.

Ed. Royle was at Coleman on Wednesday, representing the Workmen's Compensation Board at the presentation of the Coderre Cup, emblem of the Dominion Championship, to the International Coal & Coke Company's First Aid team.

Several new cars have recently found their way into Hillcrest, making a total here of fifty cars. What is wanted now is an up-to-date repair and supply garage and a good road. The road at present is in a deplorable state, but we hear rumors that repair work will start soon.

The friendly game of football between Hillcrest and Blairmore on the local grounds on Saturday resulted in a draw—one each. The ground was too heavy for quick work, but players and fans enjoyed it. Considering the short notice given, a good crowd turned out.

On April the 4th, the first practice of the newly formed Hillcrest Amateur Orchestral Association took place in the opera house, kindly lent by Mr. Cole, the proprietor. The officers elected were: J. W. Makin, president; H. Stobbs, secretary; G. Miller, conductor; and Ed. Royle, assistant conductor. There were fifteen present with instruments, as follows: Mr. Pender, pianist; first violins, G. Miller, J. Royle, C. Stobbs, J. W. Makin; bass violins, W. Moser, P. Picture; violoncellos, H. Jaesbe, W. Kyle and Miss L. Bogash; second violins, W. Mates, E. Stella; clarinet, Ed. Royle; cornet, J. Graham; obligato violin, Mrs. W. Rose. Regular weekly practices will be held in the opera house on Wednesdays at 7 p.m.

The dramatic entertainment by the Bellevue Stock Company, given in the Union hall under the auspices of Turle Mountain Lodge No. 15, K. of P., was a complete success in every way. The hall was packed to overflowing. It was a splendid dramatic effort. H. Harrison, as Dr. Wisse, was in great danger, owing to lobster salad, but eventually came out with plenty of love and peace and ended his days happily. Miss Olive Goodwin, as the mother-in-law, excelled herself. No doubt in a few years this actress will be exceedingly popular. D. Currie as Rastus, was just it. Miss E. Emerson ditched her interfering mamma in good shape. Jack Tilly, as Billy Blake, was all there. M. Woods, as Dr. Graham, and Miss O. Currie, were splendid; not forgetting the dog. Miss F. Hallworth, as the reporter, was great and prim, and all reporters. It was a good cast.

All did their parts well. The Hillcrest orchestra furnished music. The following also contributed to the entertainment: Miss M. Gillis, Scotch dancer; Miss E. Cole, elocutionist; Mr. E. Eggleston, reading. After all was over, the performers and the committee partook of a splendid chicken supper at the Union hotel.

The case against Steve Farjon, of Coleman, who is charged with being the owner of a quantity of liquor that was captured by Sergt. Scott and his men west of Coleman, when in transit through the district on a C.P.R. speeder, came up for hearing before Justice Gresham at the Frank A.P.P. barracks on Tuesday. The case was adjourned till today. In this connection, we might draw attention of the attorney-general to the fact that when a representative of ours phoned the A. P. P. barracks on Tuesday to find out how the case was proceeding, we were informed by some individual, presumably an officer of the A. P. P., that the case had been disposed of. Why we mention this is because on one or two previous occasions we were criticized by the A.P.P. for not getting into touch with them for "authentic information" before giving publicity to police court matters.

Remember the "King Tutankhamen" dance to be given at Hillcrest on Monday night next under the auspices of the Hillcrest Tennis Club.

**LARGE 11-ROOM BOARDING HOUSE** for rent. Has full size basement. Located south of track, opposite Cosmopolitan hotel. Apply to L. H. Putnam, barrister, Blairmore.

**FOR SALE—Cockerels, Pure Bred Barred Rocks, \$5.00.** Apply to Box 256, Blairmore.

There is no truth in the rumor circulated that Miss Hazel M. Brown, music teacher, was to leave Blairmore. Miss Brown has several large classes of pupils and intends to stay with them.

The regular fortnightly meeting of the town council will be held on Monday night next.

The town of Macleod was the only bidder for 112 acres of school land offered for sale at auction at the Dominion Lands Agency at Lethbridge on April the 4th. The town is vitally interested in this property, as it carries improvements to the value of \$168,000. They paid the upset price of \$20 per acre.

A. E. Knowles, of Coleman, was married at Lethbridge on March 31st to Miss Clara Clapham, formerly of the Salvation Army staff at Coleman.

## Local and General Items

Mr. and Mrs. T. Longworth, of Lethbridge, were in town on Tuesday.

Misses Maude and Grace Allison left Lethbridge Tuesday for Detroit.

S. Ennis and J. Naylor were among the many who adopted new autos during the week.

Raymond's new sugar factory is to be made double the size of the previous one.

Mrs. A. McFagan and child returned during the week from a several months stay in California.

Mrs. W. Fisher arrived here on Monday on a visit to her parents, Mr. and Mrs. J. Baird.

W. H. Chappell is able to be about again, and appears but little the worse for his recent attack of illness.

Mrs. Steve Bugge, of the Alberta hotel, who has been visiting her parents at Drumheller, returned home on Monday.

Pete Sicotte, of Pincher Creek, was a week end visitor in Blairmore and spent a few days with his brother Horace at Greenhill.

Mr. and Mrs. J. B. Harmer and children left here by Monday's local for Calgary, where they will in future reside.

Misses Grace and Maud Allison spent last week end with their sister, Mrs. C. E. F. Hicocks, at Lethbridge, while enroute to Victoria.

Mrs. Peplow, wife of Jack Peplow, iron moulder, arrived in town from Hanna on Monday and will spend most of the week here.

J. S. D'Appolonia and wife left Coleman on Sunday evening last on a visit to their old home in Italy. Miss D'Appolonia accompanied them.

A number of local members of the K. of P. lodge will pay a visit to Sentinel Lodge at Coleman tonight, when degrees will be conferred.

P. Burns & Co., Limited, offer for Saturday, Dominion Link Sausage 22c per pound. Ideal Bole at 15c. Weiners at 22c. Head Cheese at 18c. Cheese Loaf at 25c. Compressed Ham at 25c.

The subject Rev. W. T. Young has chosen for next Sunday evening's service at the Union church is from the book "Printer of Uddell's," by Harold Bell Wright.

Miss Margaret Buck, of the Lethbridge public school teaching staff, spent Sunday with her teacher friends in Blairmore. Miss Buck was formerly employed on the staff here.

In Canada there are five thousand wood-using industries and it is an odd co-incidence that the forest fires average one for each industry, or five thousand a year.

Another way to be satisfied with your lot in life is to keep the back part of it cleared of rubbish—particularly after May the first, following "Clean Up Day."

The Blairmore Golf Club announce their annual dance in the Greenhill Grill tomorrow night (Friday), April 20th. Dancing from 9 till 2. Members and others interested will please accept this notice.

A local man, who has been accustomed to handling horses all his life and who last Saturday invested in a Ford, got up at the usual early hour on Sunday, went to the stable and only then discovered that the darn thing didn't want out.

People with least to say always talk the most.

The Newfoundland general elections are to be held on May 3rd.

Nova Scotia adopted the "drive-to-the-right" rule on April the 15th.

For funeral, Bowers phone 212, Crows' Nest Pass Undertaking Co.

The contents of a bald man's head may be valuable, even if he has no lock thereon.

My, how tastes differ! Some people can see beauty in a looking glass, while many others can't.

Complete line of Smoked and Cured Fish always on hand at right prices. P. Burns & Co., Ltd.

The smallest screws are those used in watches. An ordinary thimble will hold 100,000 of them.

E. Haug has disposed of his dancing pavilion at Waterton Lakes and will open up a cabaret at Shelby, Montana.

Barber Lombardi returned Sunday morning last from Rochester, where under the attention of Mrs. Mayo he has been remade.

A picture postcard, posted at Peterborough in 1903, has just been delivered at Spalding, having taken twenty years to travel twenty miles.

Gophers and rattle snakes have made their appearance in and around the golf course. Maybe the snakes do not know the difference between gophers and golfers, so ladies and gentlemen, take care!

**Unrivalled Products—Shamrock**  
Hams, whole, 35c per lb. Shamrock  
Bacon, whole 45c per lb. Dominion  
Hams, whole 38c per lb. Dominion  
Bacon, whole, 42c per lb. Saturday only at P. Burns & Co., Ltd.

A little girl was checked by her sister the other day as she was in the act of throwing the dust from the floor of a bird cage into the back yard. "You shouldn't throw that out there, because the seeds will take root and there'll soon be too many birds around."

We understand that in the past two weeks Morrison's garage at Coleman disposed of 19 new cars—seven high-class McLaughlins and twelve Fords. During the same period, about the same number of Studebakers and Chevrolets have been disposed of by the Crows' Nest Pass Motors, Blairmore. Pretty good record, and here's hoping they keep up the good work!

The Institutional Church at Coleman celebrated its seventeenth anniversary on Sunday last. The special speaker at the morning and evening services, and at the Sunday School rally in the afternoon was Rev. E. W. MacKay, of Cranbrook, who also addressed a gathering on Monday evening in the church, on which occasion refreshments were served by the Ladies' Aid. Taking part in the programme on Monday evening were Mrs. L. Morgan, of Blairmore; Corpl. Stevens, of Blairmore; Messrs. A. C. Fraser, T. Johnstone, W. Williamson, S. White and F. Kay. Several beautiful selections were rendered by the choir at the various services.
